## VILLAGE MANAGER REPORT

Hello Glengollan Neighbourhood,

What are the words to that childhood song "Rain, rain go away come again another day". Our hearts certainly go out to those who are experiencing the flooding to their homes and townships. No doubt many of you have family or friends who have been affected by this unseasonal weather and I hope they can get through these hardships soon and start the long process of recovery. It certainly makes you stop and count your blessings on those days when you have the misery's and realise the need to get things into perspective.

October was a busy month with another successful Resident Dinner, thanks to the mighty efforts of the Social Events Committee. A great concert for family and friends for the Glengoldies, thanks to Vicki Knights and her helpers for making this a lovely afternoon. Conversational German classes are going well and the Oktoberfest was fun for those who attended. It is disappointing however, there is not a bigger response to events, when I know how much effort goes into the planning behind the scenes.

We did have a good number attend Bingo due to the fact the residents at NCC will now be picked up and dropped back each Wednesday night.

With the Clubrooms at 40 Hutton Avenue now closed for renovations, the large billiard table has been relocated to the Main Club rooms and is available to play on at any time. Why not plan a game after happy hour on a Friday night or any other time when the rooms aren't running another function. Check the calendar for details of those events.

November has a lot going on and worthwhile attending. Coffee with a Cop and talk about 'SCAMS' will be on Friday 18 at 10am. Tuesday 22 at 10am is a talk from the CFA. Wednesday 23 at 1pm, Gayle from Bridges will present a talk on Digital Literacy and how to access My Health Records. Please try and make the effort to attend.

Hope you all have a bit of luck on Melbourne Cup day and back a winner. Wonder how the day will be - rain, hail or shine. I often look forward to the end of the day to see some of the females leaving Moonee Valley who were the prettiest at the start of the day and the messiest at the end with shoes off, hat or fascinator in hand and feeling a little worse for wear.

Until next month, stay well. Cheers Kym.

## SOCIAL EVENTS COMMITTEE UPDATES November 2022

Hi Everyone,

Social Events are planned as an excuse for residents to get together and meet other residents while enjoying food and a cuppa.

We have to give these events a name e.g. Oktoberfest, which was an opportunity to meet our German volunteers and enjoy some German food while chatting to Fiona and Lale about their country and home life.

Again we over-catered for this event thinking many more residents would find this a chance to do something outside the normal daily routine.

When we ask people why they didn't attend these special days, it is usually "I FORGOT IT WAS ON". So could we ask when the calendar for the month arrives, you write the event date in your personal diary.

There is the large billiard table in the Clubrooms so people are welcome to come down and enjoy a game at any time.

Bingo is becoming a regular Wednesday night social activity for an increasing number of people.

A Christmas Dinner invitation will be arriving in your letter boxes in the next week, so please RSVP promptly as numbers will be limited because of space in the hall.

## RESIDENT COMMITTEE REPORT - OCTOBER 2022

Hello All

It's good to report that there were not a lot of problems to be resolved at our October meeting. There was a good deal of discussion on the following topics though:

- Location of increased storage facility is still to be resolved with a few areas suggested.
- The Annual Residents Meeting will be coming up in December and nomination forms for Committee Members will be distributed in early November. If you are interested in joining our happy little group, we would be happy to hear from you.
- Some news for those residents living below the Storen Close development, plans are under way to correct the problem of the water seepage which makes the area so wet.
- With all the attention recently focussed on climate change and energy resources, the Committee thought there might be some residents who would be interested in installing solar panels. We asked if Glengollan Management would be prepared to make an application to the Government for the rebate on behalf of the residents. We are expecting that Kym will have an answer for us at our next meeting.
- The plant group held a plant sale/sausage sizzle on Sunday 16th October and although it looked like it may be a bit wet, the weather was kind to them and the plant sale was a success with a steady stream of buyers all morning.

That's all for this month. Take care and stay safe.
